Dedication

We, the Senior Class of 1961, dedicate The Crest to the Memories of Fairfield-Waterford High School, the joys shared, the friendships made, and the wisdom attained in these halls.

Administration

Superintendent

Fairfield-Waterford Schools

"Go and catch a falling star," ordered the poet, John Donne. That task may be easily compared to the difficult imperative: "Know thyself."

It is easy for a person to deceive one's self; appraisal of self is always difficult, sometimes impossible. To find our place in our complex society we must first find ourselves. We must be aware of our personal quirks, habits and mannerisms; then and only then will life be clear before us.

JOE W. DRISCOLL

Board of Education

Joe Driscoll, George Garrod, Wayne Rupert, Harold Gray, Charles Crook, Beulah Converse, Ralph Elliott.

Principal Fairfield School

Men are created free moral beings. Hidden responsibility is a result of this freedom. This responsibility is the right of choice. The choices we make are determined by the values we hold. Decisions made without reason terminate in unhappiness and sorrow. Decisions made with reason bring great joy to ourselves and to society as a whole.

To the Class of 1961: Consider what is the pearl of great price. Choose well, though hardship be your raiment, consistency and valor your shield, remain undaunted and inflexible.

Congratulations and best wishes.

URTON ANDERSON

Principal Waterford School

It is customary at this time to wish you success, best wishes and good luck. This, I will not do. Instead I will beg you to formulate a philosophy allowing yourself to be guided by the precepts of your values and the accepted mores of the society in which you live. Make it a habit to be honest and sincere with yourself and others. Respect your fellow man, think the best of others rather than looking for quick scandal. Make your gains by your own hard work and know any position acquired at the expense of a colleague is a hollow mockery of success and will not last. Be sure you are right and believe in yourself, without being conceited. Do these and you will make your own good fortune.

Class History

FAIRFIELD HISTORY

We started to school in 1949. Miss Albright and Miss Witmer taught us to print. In second grade Miss Bierman and Miss Witmer helped us learn to do Arithmetic. We can remember how Miss Anderson made us take notes to the office in third grade.

We made mud huts in Mrs. Stacey's fourth grade and some of us were in Mrs. Snyder's third and fourth grade combination. Mr. Snyder and Mrs. Miller taught us in fifth grade. In sixth grade Mrs. Miller and Miss Schwab gave us the discipline needed to enter Jr. High. Mr. Ossoff and Miss "D" guided us through our exciting first year of Jr. High. Mr. Newton helped polish us so we could go shining into high school.

Our freshman year was fun and exciting. Mr. Wisler was our homeroom teacher. We elected officers our freshman year; Dori Rupert was President and Larry Peppel was our Vice-President.

WATERFORD HISTORY

As we entered first grade we were greeted by Miss Dickey. We best remember her because she taught us how to get along with each other. Mrs. Maurer put us through Air Raid drills in second grade and one of the children got stuck under the desk. In third grade Mrs. Bell guided us and taught us how to make music with wax paper and a comb for fun.

Miss Robinson showed us how to color, spell, and behave ourselves. Mrs. Hill was our teacher in fifth grade. That year in our Christmas play Alan Arthurs sang a solo. Mrs. Lane took care of us in sixth grade. We made maps from plaster of paris and she drilled us for Jr. High.

Mrs. Gaver greeted us in seventh grade and guided us as we learned to change classes. Mr. Woods saw to it that we were not tardy for classes in eighth grade. In eighth grade we had a Prom—the very first eighth grade Prom for our school.

We went into high school with much excitement. We elected officers that year with the help of Mrs. Hoffman. The officers were: President, Alan Arthurs, and Vice-President, Betty Baughman.

FAIRFIELD-WATERFORD HISTORY

For our sophomore year we were consolidated. There was much anxiety as we wondered if the other half would accept us. We soon found out we had made friends very easily and as we worked together we reached many goals, one of which was first prize in the Homecoming Parade. Miss Mercure and Mr. Guiler helped guide us through that year.

In our Junior year many things happened, and we can thank Miss Mercure and Mr. Hawkins for standing by and aiding us during that year. We presented "What a Life" for our class play. The Prom was a huge success with a "Cinderella Ball" as our theme.

Our last year went past very quickly with the play, "Our Miss Brooks," Winter Wonderland, Homecoming, Prom, and Graduation. If it wouldn't have been for Miss "D" and Mrs. Hoffman advising us those short, few months, we might not have made it.

We have traveled this far in life, from childhood, through grade school, and Jr. and Sr. High School. We have made mistakes, promises, plans, and friends. Some of us will go further in gaining an education; others will settle down and work, but no matter what we do we hope that we will be good citizens and benefit our country.

CLASS FLOWER ..... White Carnation
CLASS MOTTO ..... *We live in the present, dream of the future, learn from the past.*

I, DORIS RUPERT, will the honor of being the only girl in Physics class, to any girl who likes boys.

I, SHARON WASSINK, will my afternoon study halls to anyone who can't seem to find time to get everything done.

I, JACK WEBBER, being of weak mind and poor health, will my ability to get good grades in Chemistry easily to Wayne Blosser.

I, JIM ZIEGLER, being of confused mind and weak body, will my sense of humor to Mr. Driscoll and Mr. Anderson.

Class Prophecy

This is NANCY NEISHLEB, the inter-planetary news correspondent, reporting to you from the ballroom of the Waldorf Astoria. Tonight the Elsa Maxwell of 1975, BETTY BAUGHMAN, is holding a reunion for the graduating class of 1961. The dinner was planned by PAT HALL, renowned home economist, and served by head waitress BONNIE RANKIN and her assistant, SHIRLEY PITTMAN. The menu included roast pig from RAY CHAMBERLAIN's swine farm, famous for its lingering aroma, and spudnic potatoes from ED HOLISKY's inter-planetary potato plantations.

The program for this evening's entertainment will include such outstanding artists as ALAN "ELVIS" ARTHURS, who will give the Martian's interpretation of American rock and roll; the Prima Donna of universal opera, SUSAN SEACHRIST; a revue of the season's latest fashions by BEVERLY COPE; and the famous artist, DEE SEIBERT, who will exhibit her latest paintings.

I can see from here the distinguished banker ROSS DILLON who financed Big Joe and Andy's University of the Universe, which features a dancing course in the planet polka, taught by Professors DON LONG and CAROL KRESS, and a special English course, taught by English expert RONNIE PITTMAN.

There seems to be some confusion over near the door. As I move in for a closer look, I see that BILL LANZENDORFER, a General in the United States Marines, has just fainted after seeing JOYCE BOTT'S newest hair creation of shocking pink called Neptune's Delight. Nurses LINDA COLELLA, SANDY COBOURN, DORIS RUPERT, SHIRLEY PENNYBAKER, and DARLENE WOLFGANG are furiously working to revive him.

Across the room I see LARRY PEPPEL and TOM MESSENGER, famous football stars from the Cleveland Browns, talking to coaches DAN BROTHERS and CHARLES MENTZ; they must be talking over some of the newest plays. Near them is ARNOLD HAMMERSMITH, owner of the finest Black Angus herd this side of Pluto, with his head foreman, ED UNGER.

Millionaire CLARENCE KANNAL has just arrived in his Cadillac rocket; at his side are his two secretaries, SHARON WASSINK and FELICIA MAZZONE, and his chief rocket mechanic, GARY COWAN.

It appears that the two handsome gentlemen are BUD WEBBER and BILL SNYDER, who have just recently been promoted to Fleet Admirals. They, along with Waves ALBERTA PADEN, GOLDIE FERRY, and DORIS GILMORE, are talking over the latest Naval maneuvers.

BRUCE "ROMEO" YARIAN, professional college student; retired millionaire, GARY SLAVEN; and that debonair "man about town," JOHN ALTIER, have lost little of their character in 14 years. All three I see are flirting with the show girls in the chorus line.

JOHN BRETZ and FRED HOFF, both universally known engineers, are discussing possible improvements with JAMES ZIEGLER on his latest invention: an electronic brain which will replace school teachers.

A group of people, one of whom I recognize as commercial teacher SANDY MORROW, are gathered around the famous author, JUDY CAMPBELL, discussing her best seller "I Married a Martian."

Thank you! I have just been handed a space message from missionary JAMES CONVERSE stationed on Pluto saying, "I will be unable to attend due to the recent uprisings of the Plutonians."

This has been a memorable occasion, but I must be off to Pluto to get the latest scoop.

TO OUR READERS

The difficult financial affairs which arise in the publishing of an annual are not known to the average reader. However, we doubt if this book could have been published without the aid of the advertisements of the business men.

It is therefore the earnest desire of the staff that you give your full support to the advertisers in this 1961 Crest, who have cooperated in making the book a bigger and better one.

Everybody loves a graduate . . . and you know why? You're so exuberant! At no other time do we find such vitality, such free thinking, such hopeful ambition! Please don't lose it . . . these things mingled with a little quiet understanding that things don't **always** turn out the way you want them, can make you something special! It's what this "tired old world" needs . . . that vitality of spirit that lifts everyone with it . . . paves the way for independent intelligent thinking, instead of doing things the way they've always been done. We don't mean by this that you drive through every road block along the way . . . just that you remember not to STOP . . . you can still drive around it! So keep giving it, graduate . . . vitality . . . everybody loves it!

So nigh is grandeur to our dust,
So near is God to man
When duty whispers low, "Thou must,"
The Youth replies, "I can."
